## AN EARLY WEDDING.

**Berlin Young Lady Becomes Bride at 1 O'clock A. M.**

## THE SEVENADERS WERE BAFFLED

**They Had Planned Great Stunts to Follow Wedding Ceremony of Miss Anna W. Floto and William B. Frazier, Who Outwitted Them.**

Special to The Courier.  
BERLIN, Pa., July 18.—Berlin had an unusual experience in the shape of a home wedding at 1 o'clock this morning, at which time William B. Frazier of Cumberland, Md., and Miss Anna Wilhelm Floto were united in marriage at the home of the bride's parents, Mr. and Mrs. Charles A. Floto, of East Main street. The ceremony was performed by the bride's pastor, Rev. A. J. Rudolph, pastor of Holy Trinity Evangelical Lutheran Church of Berlin.

The wedding was a quiet one, being witnessed only by the immediate relatives and friends of the bride and groom. Miss Myra Philson read the wedding vows, and the bride's maid, Miss Myra Philson, read the wedding vows, and the bride's maid, Miss Myra Philson, read the wedding vows.

The bride was attired in a charming gown of white satin trimmed with hand-made German lace. A wedding breakfast was served immediately after the ceremony.

The bride and groom drove to Meyersdale in the small hours of the night, from which place they took their departure for Baltimore, and from there they will go to New York City, and thence to Saratoga Springs, N. Y. They will return by way of Boston, Mass., and take up their residence in Cumberland, Md. The groom is a salesman of Swartzchild & Shultzberger of Chicago.

It had been arranged originally to have the nuptial knot tied at 7 o'clock this morning. This fact appeared to be pretty well known to Berlin and the "young bloods" had everything arranged to give the bride couple a jolly old time. The parties in question got the wind of this, and concluded to nip the plan in the bud by taking their departure while the "young bloods" were in slumber land.

French Kerr, Miss Ruth Moore, Miss Hazel Keffer, Ray Seabower, W. B. Shaw, Mrs. J. P. Kerr and Miss Stephens. The committee will give every scholar a ticket and a number of extra tickets have been issued which the committee will sell at 75 cents for adults and 50 cents for children. The committee has chartered three of the large open cars, which will start from the corner of Main and Pittsburg streets at 8 A. M. It is expected that there will be 400 children and adults attend the picnic, and plans are being perfected so that every one will have a good time. See some member of the committee if you desire to join the crowd.

## A. M. E. CONFERENCE.

**Of the Allegheny District in Session at Meyersdale, Is Being Largely Attended.**

MEYERSDALE, July 19.—[Special.] Last evening's session of the A. M. E. Conference, now in session here, was very interesting and largely attended. About 80 ministers and lay delegates were present. Rev. J. M. Polk of Homewood, Pa., preached a strong sermon on the mission of the Christian minister. Clarence Brauch, a young man who this year graduated from the local High School, delivered the address of welcome, which was well responded to by Rev. Wheeler of Mt. Pleasant. The solo by Miss Madeline Sheppard of this place was excellent, as were also the several anthems rendered by the choir. Rev. Michael Brown, presiding elder of Conneautville, Pa., presided during the session. After the exercises refreshments were served on the church lawn. Today's sessions were devoted to the discussion of Sunday School topics.

## STRAIGHT HEATS.

**Little Interest in Greensburg Races Yesterday, But the Big Event Comes Today.**

In two inches of mud yesterday two races were pulled off by the Greensburg Driving Club. The track was altogether too wet for racing, but the management, anxious to please a big crowd of patrons and the horsemen, pulled off the second section of the 17 pace and the 20 trot. The winners, Butter Bowl and J. B. Hinton won in straight heats, and the only excitement was some lively brushes for place. Today the races start at noon, and an effort will be made to crowd as many events into the time as possible, weather permitting.

The race association announced late last night that five races would be staged today and five Saturday. The free for all event, in which there is exceptional interest, is scheduled for today. Among the flyers to go in that race are Alfalfa, Harry L., Hattie II., Direct Wood and Gypsy Red.

## ROWLAND CASE.

**State Will Find It Hard to Convict Doctor and Bride.**

RALEIGH, N. C., July 19.—[Special.]—Despite a strong chain of circumstantial evidence, the opinion is gaining ground that the State will find it a matter of the greatest difficulty to secure the conviction of Dr. David S. Rowland and his bride, who are accused of having murdered Mrs. Rowland's first husband last April by poison or other foul means.

The case has attracted widespread attention, due in part to the prominence of Dr. Rowland, who is a leading physician with a large practice in this city. His bride, whom he married six weeks after the death of her first husband, was formerly Mrs. Lillian Strange of Omaha, Neb. She is a woman of both handsome and intellectual countenance. The circumstantial evidence adduced at the preliminary investigation tended to show that an improper relationship existed between Dr. Rowland and Mrs. Strange for some time before the man's death. While this is regarded by the prosecution as one of the strong links in the chain of circumstantial evidence, together with the marriage of the accused within a few weeks after the death of Mr. Strange, the counsel for the defense, on the other hand, declare that an early marriage was in reality the act of a man disposed to do the honorable thing to protect the good name of an innocent woman.

## TIN PLATE MEN HERE.

**But They Bring Nothing Good But Fish Stories from Deckers Creek.**

Robert Skemp of Scotland, District Manager of the American Tin Plate Company's mills, and William C. Loyd, Superintendent of the Morgantown mill, were Conneautville visitors yesterday. They inspected the Humbert plant at South Conneautville.

In conversation with a Courier representative, District Manager Skemp said there was no immediate prospect of starting the Humbert mill, neither was there any reason for the Conneautville people to despair of it ever starting. It all depends upon trade conditions. "The tin plate trade is flat just now," said Mr. Skemp. "The poor export conditions have played havoc with the tin plate trade, and this has been reflected in the tin plate demand. Three of the largest mills of the country are idle. The dull season is being utilized for the purpose of making repairs and renewals."

Superintendent Loyd declared that the Morgantown mill was turning out the finest plates ever and that the fishing on Deckers creek right off of the mill wharves was great. He avers that he has caught walleyed bass weighing as high as three pounds scale weight, but whether he caught them with a hook or with the mill crane he did not state.

Wade Echard, President of the Unity-Conneautville Coal & Coke Company of Uniontown, who was taken to the Westmoreland hospital while suffering from typhoid fever several weeks ago, is now a victim of pneumonia, having developed the latter disease several weeks ago.

For a time his condition was extremely critical, but last night he was greatly improved, and it is now believed that he is out of danger.

## Our Presidents

FRANKLIN PIERCE.

The fourteenth president of the United States was born at Hillsboro, N. H., in 1804 and died at Concord, N. H., in 1869. He won wide distinction as a lawyer. He resigned from the United States senate in 1842 to resume his profession and declined in turn an appointment to the senate, the nomination for governor and a place in the cabinet. At the opening of the Mexican war he enlisted as a private, but shortly became a brigadier general, doing valiant service. He was elected president on the Democratic ticket in 1852. His administration had much to do with the problems affecting slavery. Pierce's conservative course made him unpopular in the north.

## ACTIVE MONEY.

**It Benefits the Whole Community When in Circulation.**

If there were not a single person for keeping your money in bank, the fact that it is safer there than anywhere should be sufficient. But there are other reasons. Your money does nothing for the community in which you live any good. It is a duty you owe to yourself and your fellow citizens to let it become active, and there isn't any quicker way to place it in circulation than to deposit it in a good bank. The First National of Conneautville, for instance, where safety and 4 per cent. interest are assured.
